FOUNDER STOCK VESTING SCHEME

- 2 The Company shall issue and the Shareholders may subscribe to Class F Shares as described in the Class F Agreement. These shares provide a mechanism for:
 - 2.1 recognizing different degrees of commitment and different levels of contribution from each Founder;
 - 2.2 respecting the need of each Founder to balance compensation between cash and equity; and
 - 2.3 amicably resolving scenarios in which one or more Founders leave the company.
- 3 Article 41 of the Articles of Association confers pre-emptive rights on the Shareholders. The Shareholders hereby waive these pre-emptive rights with regard to the issue of new Class F Shares provided that such issue occurs pursuant to a Compensation Adjustment and at the Discretionary Subscription Price as described in the Class F Agreement.

SHARE VALUATION POLICY

- 4 For purposes of calculating the valuation of the company, Class F shares shall contribute to the fully-diluted capitalization value, and shall be valued on an as-if-converted basis.

5 For purposes of transferring shares among the Shareholders, an ordinary share of the company shall be valued

5.1 if an External Financing occurred less than 1 year ago, at 25% less than the valuation agreed therein;

5.2 if an External Financing has not occurred, or has occurred more than 1 year prior to the date of the transfer of shares, then as the shareholders agree amongst themselves.

5.3 Variation from this rule shall require the approval of the Directors. If the Directors do not give their approval to a variant valuation they may refuse to register the transfer.

DISPUTE RESOLUTION

5.4 Founders will attempt to settle disputes amongst themselves.

5.5 If a dispute, controversy or claim arises out of or relates to this contract, or breach, termination or invalidity thereof, and if such dispute, controversy or claim cannot be settled and resolved through negotiation, the parties agree first to try in good faith to settle such dispute, controversy or claim through mediation.

5.6 Any issue or claim not resolved by mediation shall be referred to and finally resolved by arbitration in Singapore.

5.7 The mediator and if necessary, the arbitrator, shall be mutually agreed to by the parties and shall be a professional arbitrator or mediator (as the case may be) of The Arbitration Chambers. Failing such agreement, the mediator or arbitrator shall be appointed by The Arbitration Chambers.

DRAG-ALONG RIGHTS

6 If a Trade Sale is approved by 75% or more of voting shares (subject to any protective provisions that happen to be held by subsequent Preferred Shareholders or creditors) then the minority shareholders shall give their consent to such a sale.

TAG-ALONG RIGHTS

7 Should one or more Shareholders offer to sell their shares to a third Party or Parties such that the new Parties would hold more than 25% of the voting stock of the company, those Shareholders must offer all other Shareholders an opportunity, calculated *pro rata*, to sell their shares also.

NEW PARTIES

7.1 New Shareholders shall be required to execute a Deed of Ratification and be bound by this Agreement.

TRANSFERABILITY OF RIGHTS

8 The Articles of Association give shareholders pre-emptive rights (on the issue of new securities) and rights of first refusal (to purchase existing securities). These rights shall be transferable on a commercial basis, so that if a deal is oversubscribed, each holder of shares or convertible instruments can delegate their position to one or more favourite investors.

ALTERATIONS DUE TO EXTERNAL FINANCING

- 9 A prospective investor may seek to alter both this Agreement and the Articles of Association as a condition of External Financing.

HUMILITY

- 10 The Founders acknowledge that the business may outgrow them, and that their primary commitment is to the success of the business. Should, one day, other leadership and management be better suited, the Founders agree to be reminded of this commitment.

REGARDING DEATH AND DISABILITY

- 11 As soon as practical, after or in preparation for an External Financing, the Company shall purchase what is commonly called “Key Man” insurance, such that in the event of Death or Disability of a Founder, whether that Founder is indeed a Man or a Woman, the Company can afford to
- 11.1 continue operations in the absence of that Founder, and
- 11.2 offer to that Founder or his Estate a redemption of the Founder’s securities at fair market value.

Should the Company not raise External Financing, but recognize total revenue of at least S\$250,000, then this provision shall apply with equal force.
